VIP Inserto® BACK

2 A Teschio e denti, 1489.

RL 19058 v (B. 41 r; K/P 42 v).

Il vacuo della cassa dell'occhio, e 'l vacuo del-
l'osso sostenitore della guancia, e quello del
naso e della bocca sono d'equale profondità e
terminano sotto il senso comune [sede centra-
le delle sensazioni] per linea perpendicolare. E
ciascuna d'esse vacuità ha tanto di profondità
quant'è la terza parte del volto dell'omo, cioè
dal mento a capegli.

- Microclimatic ventilated cover, fireproof and antibacterial
- Tensioning strap system with H 10 cm straps for wheelchair installation

SPARE PARTS		
	Flat base of construction	Cover
	Padding	Tensionable system

WARNINGS

The trunk Positioning System **Inserto Back Vip**, in its design integrity and numerical and dimensional completeness of the supplied components (Structural Kit, Padding, Cover) can be easily adapted to sizes/morphology/deformities of the user. This kind of operations make **the commissioning** referable to a **serial device**.

Alternatively

The commissioning of the Positioning System **Inserto Back Vip**, deprived or modified, even partially, of its design integrity of numerical and dimensional completeness of the supplied components, built as per written prescription of a professional operator in function of the anatomy/morphology/deformities of the user, through the measurement detection and direct trials, can be referable to a **custom device**.

For partially sighted users this document can be visualised in PDF format
on the web site www.versainserto.com with the possibility to enlarge the text
