Pro Medicare Srl warrants the devices functionality for a maximum period of **24 months**, covering all manufacturing defects from the first commissioning and **12 months** on covers and wear parts. The warranty is valid if the device is used as indicated within the instruction manual.

Note: Any request for variation in dimensions, materials and type compared to the standard defined for the specific user does not have **CE** marking, therefore the professional user becomes the manufacturer and has the obligation to draw up the technical documentation of the device.

Images are purely illustrative and may not fully reflect reality.

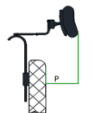

Note: Each complete device includes: a padded and covered pad and mounting hardware. Measurements are in cm.
