CUSTOMER STAMP AND SIGNATURE

Pro Medicare Srl warrants the devices functionality for a maximum period of **24 months**, covering all manufacturing defects from the first commissioning and **12 months** on wear parts. The warranty is valid if the device is used as indicated within the instruction manual.

Note: Any request for variation in dimensions, materials and type compared to the standard defined for the specific user does not have CE marking, therefore the professional user becomes the manufacturer and has the obligation to draw up the technical documentation of the device.
